The role of the Board

Ethical, effective leadership and corporate citizenship

How governance supports strategy

Frameworks and governance philosophy

TAL 2001

Functions of within Transnet

The Corporation is a public-private partnership between the South African Government and Transnet. The Corporation is a public-private partnership between the South African Government and Transnet. The Corporation is a public-private partnership between the South African Government and Transnet.

The Corporation is a public-private partnership between the South African Government and Transnet. The Corporation is a public-private partnership between the South African Government and Transnet. The Corporation is a public-private partnership between the South African Government and Transnet.

TRANSNET

Purpose and functions of governance within Transnet

The relationship with Government is the role that defines, represented by the Minister of Public Transport, (Minister of Transport) is designed through the Shareholder's Letter of Intent and the annual Shareholder's Report for the Corporation. The role of the Shareholder is to ensure that the Corporation is able to deliver on its mandate and to ensure that the Corporation is able to deliver on its mandate.

Good corporate governance is a critical element of any business. It is a framework of principles and practices that guide the behaviour of a company and its managers. It is a framework of principles and practices that guide the behaviour of a company and its managers.

TRANSNET

Our Waiting Staff

We have a team of young and energetic waiting staff that are always at your service. They are highly trained in serving food and beverages in a professional and friendly manner to agreed standards at all of our functions. They are also there to maintain the standards of presentation of all facilities to an appropriate restaurant quality during the event. They are just there to contribute to an ethos of right first time and on time for food and beverage provision and service.

General Duties – Quality Management

They are trained to provide the following services:

- To demonstrate a sense of pride for the job and the organisation.
- To maintain a professional appearance in accordance with uniform standards.
- To assist in the stocktaking and general appearance of the dining and bar facilities whilst undertaking own duties.
- To ensure that tables and trays are presented to the agreed high standards before each service.
- To ensure that at the end of the service, tables and trays are cleaned promptly and efficiently and the dining facilities and bar are left to the required high standard.
- To ensure health and safety of self and customers through best practice in all aspects in line with M Deluxe's Health and Safety Guidelines.

Skills Development & Training

We are passionate about growing talent and excellence is given to investing in our workforce's development, in doing so inspiring higher employee motivation, improved customer service skills and increased customer satisfaction. We work closely with the Capricorn TSET College and the Mankweng TSET College Hospitality departments, as well as a number of accredited training providers, in offering a variety of individual development programmes to assist employees at all levels in identifying and fulfilling their full potential.

The company is proud to have trained many young enthusiastic chefs, some of whom have gone on to start their own businesses. Our current staff have all been with the company for many years and we work as a very well knit team.
